

# **Accident Insurance**

can pay you money for covered accidental injuries and their treatment.

## How does it work?

Accident Insurance can pay a set benefit amount based on the type of injury you have and the type of treatment you need. It covers accidents that occur on or off the job. And it includes a range of incidents, from common injuries to more serious events.

# Why is this coverage so valuable?

- It can help you with out-of-pocket costs that your medical plan doesn't cover, like co-pays and deductibles.
- You're guaranteed base coverage, without answering health questions.
- The cost is conveniently deducted from your paycheck.
- You can keep your coverage if you change jobs or retire. You'll be billed directly.

# Who can get coverage?

You	If you're actively at work*		
Your spouse	Ages 17 and up		
Your children	Dependent children from birth until their 26th birthday, regardless of marital or student status.		

# How much does it cost?

Weekly Premium		
You	<u>\$2.63</u>	
You and your spouse	<u>\$4.23</u>	
You and your child(ren)	<u>\$4.90</u>	
You, your spouse and child(ren)	<u>\$6.50</u>	

For illustrative purposes only. Actual cost may vary.

\*Employees must be legally authorized to work in the United States and actively working at a U.S. location to receive coverage. Spouses and dependent children must reside in the United States to receive coverage.
