Security Mutual Life's **Worksite Whole Life** offers an easy and affordable way for you to purchase life insurance to assist you in safeguarding your family's future. In addition to providing death benefits for your family, your policy builds cash value over time that may be available to help you with other financial needs. Let Security Mutual Life help you face the future with confidence!

Exploring Your Options

Guaranteed Coverage

Coverage may be available on a guaranteed issue basis. Guaranteed issue face amounts, if any, are set by the insurance company based on case characteristics. With guaranteed coverage (provided eligibility requirements are met),* and guaranteed premiums, **Worksite Whole Life** makes the process of selecting and maintaining coverage in force a little simpler.

**To be eligible, members must be continuously employed for pay at the regular place of business of the employer for 17½ hours or more per week in the 90-day period prior to applying. Guaranteed issue limits are established by Security Mutual Life.*

Whole Life for Your Whole Family

Coverage is available for you, your spouse and parents ages 18 to 80, and dependent children and grandchildren age 14 days up to and including age 23. And... you do not have to purchase life insurance on yourself in order to insure family members!*

**Coverage on spouse, parents and children requires answers to health-related questions. The issuance of the policy or payment of benefits may depend on the answers provided in the application and the truthfulness thereof.*

Flexible Benefits

You can select the death benefit and cash value components to help meet today's financial goals.

Convenient Premium Payment

Premiums are collected simply and easily through payroll deductions. This means no insurance bills to watch for or checks to mail.

Continuing Insurance Protection

Once your life insurance application has been approved and payroll deductions have started, the policy is yours to keep by continuing to pay premiums, even if you have a change in health, change employers or you retire.

Guaranteed Cash Values

Worksite Whole Life contains a guaranteed cash value feature. Payment of the scheduled premiums will produce guaranteed cash values that can be used for any purpose. Cash values can be accessed by policy loan. Please see the loan section of your policy for details.

Dividends

In addition to cash values, **Worksite Whole Life** is eligible to share in any dividends declared by the Company's board of directors, provided the policy premiums are paid in full. Dividends are a return of premium and are not taxable as long as the dividends received do not exceed the premiums paid. Policyowner dividends are not guaranteed.

Paid-Up Coverage

Upon retirement, the policyowner may elect this option provided sufficient value exists. This option provides for paid-up coverage in a reduced amount with no further premium payments required.

CHECK OUT THE EXTRAS!

Worksite Whole Life not only provides a death benefit but also offers optional supplemental benefits and riders, some of which can provide access to policy values while the insured is living.¹

Chronic Illness Accelerated Death Benefit Rider

This rider allows access to precious resources should the insured become chronically ill—a time when such resources may be needed most. This living benefit is available on policies insuring the member and/or the member's spouse, parents, children and grandchildren.

The benefit allows the policyowner to accelerate up to a maximum of 25% of the face amount of the policy each year until a residual death benefit of \$5,000 remains.*

Access to early distribution of the death benefit can be requested if the insured suffers from a chronic illness** requiring continuous care for the remainder of his or her life in an eligible facility or at home and (i) is unable to perform two of the six Activities of Daily Living (ADLs)—bathing, continence, dressing, eating, toileting and transferring—due to a loss of functional capacity, or (ii) if he or she has a severe cognitive impairment that requires substantial supervision by another person to protect him or her from threats to health and safety.

There is no separate premium charge to add this rider.

Eligibility requirements apply. Payments made under this rider may be taxable depending on the insured's circumstances, and anyone applying for benefits should consult with his or her tax advisor.

**Benefit availability may vary by state.*

***The Definition of Chronic Illness may vary by state.*

Dependent Children's Insurance Benefit Rider

This rider is a cost-effective way to insure all children of the insured. The rider is available on a policy insuring either a member or the member's spouse from age 18 up to and including age 60. It may be added to the base policy, and provides coverage for all the insured's unmarried, dependent children age 14 days up to and including age 17.

The policyowner can elect a minimum of \$1,000 to a maximum of \$10,000 of coverage in \$1,000 increments. If the policyowner elects this rider, future born children of the insured will be covered automatically from age 14 days up to the rider anniversary after such child's 25th birthday with no increase in premium.

This rider can be converted up to the child's age of 25 to a permanent policy in an amount not to exceed 5 times the rider benefit.* The new amount shall not be less than the minimum amount permitted on the new policy.

This coverage is available on policies insuring the member and/or the member's spouse from age 18 up to and including age 50 (age 60 in New York).

Chronic Illness Accelerated Death Benefit Rider

If the insured has a chronic illness, a Chronic Illness Benefit becomes available under the terms of the rider. The Chronic Illness Accelerated Death Benefit Rider is not long-term care insurance or disability insurance. Subject to the maximum benefit limit set by Internal Revenue Code for each calendar year. Payment under the Chronic Illness Benefit Rider is intended to qualify for favorable tax treatment under Section 101(g) of the Internal Revenue Code. However, payment made under this rider may be taxable depending upon specific facts and circumstances. Accordingly, the policyowner should consult with his or her tax advisor to determine the tax consequences before requesting the payment of an accelerated benefit under this rider. The receipt of accelerated death benefits may be taxable and may affect eligibility for public assistance programs.

This product is a life insurance policy and rider that accelerates the death benefit on account of chronic illness, and is not a health insurance policy or rider providing long-term care insurance subject to the minimum requirements of New York law or other applicable law, does not qualify for the New York State Long-Term Care Partnership program or similar programs in other jurisdictions, and is not a Medicare supplement policy or rider.

The Chronic Illness Benefit Rider may not cover all of the costs associated with the chronic illness of the insured. There is no separate premium charge to add this rider. Eligibility requirements apply.

A benefit payment results in reduced death benefits and cash values.

Waiver of Premium Benefit in Event of Total Disability Rider:

This is an optional benefit that helps the policyowner maintain life insurance protection in the event the insured becomes totally disabled. Should the insured become totally disabled (as defined in the rider), payment of the base plan and any benefit and/or rider premiums may be waived, subject to certain conditions and limits.
